

Important Notice Regarding the New Land Titles Client Support Team

September 26, 2008

As part of our ongoing effort to improve client service, we are pleased to announce the formation of the Land Titles Client Support Team. The purpose of this team is simply to inform, to advise and to listen. So no matter what part of the land titles registration process your organization is involved with, the Client Support Team can help:

Inform – your organization about Alberta’s land title registration system and associated processes, what is being done to protect Albertans from registration fraud, recent and planned improvements to our processes and system, etc.

Advise – those organizations involved in land titles document registration how to avoid common errors and improve turnaround time for their clients

Listen – to your ideas and suggestions on how the Land Titles office can better serve your needs, and answer any questions you may have relative to title registration in this province

Our specially trained team is available to come to your office to deliver a presentation customized to meet your specific needs. We have always been here to help, but now we are making it much easier for our clients to get the information and support they may need.

For more information or to contact the Land Titles Client Support Team to schedule a presentation in your office please contact us at:

LTsupportteam@gov.ab.ca

Please Note: It is very important that this notice be forwarded to all parties within your organization who deal with Land Titles.
